This chapter focuses on public safety and adherence to local, state and federal laws and provides for special event public safety equipment, event sanitation and health, medical care and fire rescue, law enforcement, traffic management and other City services. This chapter enhances the positive image of the City of Frisco while stimulating economic growth, supporting tourism and promoting the health, safety and welfare of the City's residents, businesses and visitors.

- I. **Special Event or Event** means a preplanned, single gathering or event or series of related, consecutive daily gatherings or events of an entertainment, cultural, recreational, political, sporting or any other nature, to be held in whole or in part on public property. For a preplanned, single gathering or event or series of related, consecutive daily gatherings or events of an entertainment, cultural, recreational, political, sporting or any other nature to be held wholly on non-public property, the gathering or event shall be considered a “special event” under this chapter if the event or gathering is expected to draw 100 or more people as participants, attendees or spectators, or if the person promoting or sponsoring the event or gathering requests or requires one or more City services, including public safety equipment, event sanitation or health, medical care or fire rescue, law enforcement or traffic management. Special events may include festivals, fundraisers, parades, runs, walks, relays, marathons and similar events.

### **SECTION 76-3 SPECIAL EVENT PERMIT APPLICATIONS**

- A. A person desiring to hold, sponsor or promote a special event shall apply for a special event permit by filing a completed special event permit application with the Sponsorship and Event Development Manager on the form provided by the City.

- B. Each special event permit application shall be accompanied by a non-refundable application fee in the amount of \$150. If the application is submitted fewer than ninety (90) days before the start of the event, an additional late fee of \$150 shall be assessed.
- C. The special event permit application must be completed in its entirety. An incomplete special event permit application will not be accepted by the City.
- D. The special event permit application submittal must include the following information:
  - 1. Completed special event permit application form;
  - 2. Application fee;
  - 3. Detailed summary of the event;
  - 4. Site plan;
  - 5. Proof of insurance required by this chapter;
  - 6. Completed park pavilion application or field rental agreement, if applicable;
  - 7. Prior written approval from the property owner(s) is required if any portion of the event is to be held on private property; and
  - 8. The estimated number of participants, attendees and spectators.

**SECTION 76-4 FEE EXEMPTIONS**

A special event permit fee shall not be required under this chapter for the following:

- A. An event hosted by the City where the City is the organizer. This does not include events for which the City is only a sponsor of the event.
- B. An event wholly contained on property specifically designed or suited for the event where the City has issued a certificate of occupancy for such activity.
- C. A private event held on property not owned by the City in which the public is not invited, provided that the event does not involve activities or facilities not permitted by applicable zoning laws.
- D. An event for which the armed forces of the United States of America, the military forces of the State of Texas or a political subdivision of the State of Texas is the organizer.

**SECTION 76-5 ATTENDANCE ESTIMATES**

For purposes of this chapter, attendance estimates by the special event organizer, including those required by Section 76-3, shall be accompanied by a written statement for the basis of the estimate. Each estimate shall be based upon all the relevant factors known at the time, including past attendance at similar events or functions having the same or similar elements, both in the City and in comparable communities; the price of admission; and the extent of advertising and promotion contemplated. The Special Event Review Committee shall accept the

organizer's attendance estimate representation unless it clearly appears to the Special Event Review Committee from the written statements that the estimate is understated. In such instance, the Special Event Review Committee shall substitute an estimate for that of the special event organizer.

## **SECTION 76-6 APPROVAL OF APPLICATION**

- A. The Special Event Review Committee shall issue a special event permit as provided for in this chapter when, from a consideration of the organizer's complete special event permit application and such other information as may otherwise be obtained, the Special Event Review Committee finds that:
1. The application allows for ample opportunity to properly plan and prepare for the special event;
  2. Police, fire, other City services or the City's residents will not be unduly burdened or adversely affected by the conduct of the special event;
  3. The conduct of the special event is not reasonably likely to cause injury to persons or property, to provoke disorderly conduct or to create a disturbance;
  4. The conduct of the special event will meet the requirements of the City for the safe and orderly movement of other pedestrian or vehicular traffic contiguous to its route or location;
  5. The conduct of the special event will not require the diversion of so great a number of City police officers to properly police the line of movement and the areas contiguous thereto as to prevent normal police protection of the City;
  6. The concentration of persons, animals or vehicles at the special event will not unduly interfere with proper fire and police protection of, or ambulance service to, areas contiguous to such special event areas;
  7. Adequate sanitation and other required health facilities are or will be made available in or adjacent to any public assembly areas;
  8. The organizer has secured police, fire and medical protection based on the standards in this chapter and as required by the City;
  9. No event is scheduled elsewhere in the City where the police, fire or medical resources required for that event are so great that the deployment of public safety services for the proposed event would have an immediate and adverse effect upon the welfare and safety of persons and property; and
  10. The Special Event Review Committee is aware of no other information that would prevent it from making a fair determination that a permit should be issued.
- B. The Special Event Review Committee shall grant or deny the special event permit application no fewer than thirty (30) days prior to the start of the event or as soon as reasonably practicable after submission of the special event permit application.

## **SECTION 76-7 PERMITS REQUIRED**

A person commits an offense if the person engages, participates, aids or commences in a special event within the City without first making a complete, written application for and receiving a special event permit from the City where a permit is required under this chapter.

- A. Issuance of a special event permit does not authorize the removal or alteration of public property. Any such removal or alteration is strictly prohibited except as expressly allowed in writing by the Sponsorship and Event Development Manager or other authorizing official.
- B. In addition to complying with all conditions of the permit and all applicable City ordinances, regulations, rules, policies and guidelines, the organizer must comply with all applicable federal, state, county and local laws, rules and regulations. It is the responsibility of the organizer to obtain all permits necessary to conduct the event and all permits required by other governmental authorities shall be obtained and adhered to.
- C. Special event permits are organizer- and location-specific. An organizer may not, and shall have no authority to, assign, sell, transfer, pledge, encumber or otherwise convey the permit or any rights, duties, responsibilities or obligations thereunder, and no permit may be transferred from place to place. Any such assignment or transfer shall be null and void and may, in the discretion of the City, result in the revocation of the permit.
- D. No rights granted by a permit shall create rights in any person other than the permittee.

## **SECTION 76-8 PERMIT CONDITIONS**

- A. Within thirty (30) days before the event, the organizer shall submit a final site plan, route and/or map that addresses all comments and recommendations made by the Special Event Review Committee.
- B. The Special Event Review Committee may require the organizer to obtain licenses and permits required by other City ordinances or applicable law, restrictions, regulations, cost for City services, safeguards and other conditions necessary for the safe and orderly conduct of a special event.
- C. The Special Event Review Committee shall provide the Sponsorship and Event Development Manager the estimated cost for City services provided by the respective City departments to ensure the safe and orderly conduct of the special event. The Sponsorship and Event Development Manager shall prepare and provide the organizer with a detailed estimate identifying these costs. The organizer shall pay the estimated costs in full not fewer than seven (7) days before the start of the special event. Failure to pay such costs shall be grounds for denial or revocation of the permit. If the actual costs for City services are less than estimated, the City will issue a refund to the organizer no fewer than thirty (30) days after the special event. If actual costs for city services are more than estimated provided, the City will invoice the organizer, with payment due within thirty (30) days of the date of the invoice.

## **SECTION 76-9 DENIAL, CANCELLATION OR REVOCATION OF PERMIT**

- A. The Special Event Review Committee may deny a special event permit if:

1. The organizer fails to comply with any of the terms or conditions of this chapter or any other City ordinance, rule or regulation;
2. The organizer fails to timely submit a complete special event permit application;
3. The organizer fails to pay the required special event permit fee;
4. The organizer fails to adequately plan and provide for:
  - a. The protection of event participants;
  - b. Maintenance of public order in and around the special event location;
  - c. Crowd security, taking into consideration the size and character of the event;
  - d. Emergency vehicle access; or
  - e. Safe, sanitary conditions for preparation or operation of food concessions.
5. The organizer makes a false statement of material fact on the special event permit application;
6. The event would substantially interfere with any other event for which a permit has already been granted, or substantially interfere with the provision of public safety or other City services in support of such other previously-scheduled event or events, or have an unmitigatable adverse impact upon residential or business access and traffic circulation in the area in which it is to be conducted;
7. The event would conflict with previously planned programs organized and conducted by the City and previously scheduled for the same time and place;
8. The event would present an unreasonable danger to the health or safety of the organizer, other users of the venue, City employees or the public;
9. The conduct of the event is prohibited by law, by this Code and ordinances of the City;
10. The conduct of the event would substantially interrupt the safe and orderly movement of aerial navigation, public transportation or other vehicular and pedestrian traffic in the area of the event; or would cause irresolvable conflict with construction or development on City property or at a venue where the event is held; or will close streets or unreasonably restrict the number of traffic lanes during peak commuter hours on weekdays so as to cause unsafe conditions for the public; or the expected attendance at the event will exceed the lawful capacity of the venue under the City's Fire Code; or the parking available at the venue will be inadequate to accommodate the expected attendance at the event.
11. The organizer fails to provide proof that the organizer possesses or is able to obtain all licenses and permits required by this chapter and other City ordinances or other applicable law for the conduct of all activities included as part of the special event;

12. The organizer has had a special event permit revoked within the preceding twelve months or the organizer has committed two or more violations of a condition or provision of a special event permit or this chapter within the preceding twelve months;
  13. The organizer fails to pay any outstanding costs owed to the City for past special events;
  14. The organizer fails to provide payment due for City services associated with the event no fewer than seven (7) days before the start of the event;
  15. The organizer is not legally competent to contract;
  16. The organizer publicly promotes the event before approval of the event permit application;
  17. The organizer makes unauthorized use of the City logo or other intellectual property.
- C. The City may postpone, cancel, suspend or close any special event or revoke a permit for any force majeure event. The City shall have no liability for such postponement, cancellation, suspension or closure.
  - D. The City may revoke a permit at any time due to the failure of the organizer to comply with any of the terms or conditions of the special event permit, this chapter or any other City ordinances, rules or regulations.
  - E. The failure of the City to revoke a permit or to exercise any right, power or authority under this chapter shall not constitute a waiver of the terms or conditions of the permit, this chapter or any other City ordinances, rules or regulations and shall not affect the rights of the City to enforce the same against any other person or a subsequent breach by the organizer.
  - F. The revocation of a permit does not prohibit the City from exercising any and all additional rights and remedies available by law or equity against the organizer for failure to comply with the terms and conditions of the permit, or other City ordinances, rules or regulations.
  - G. The City may revoke a permit if the special event deviates from the approved timeline as determined by the Special Event Review Committee, the City Manager or his/her designee.

## **SECTION 76-10 APPEALS**

- A. Review by Sponsorship and Event Development Manager.
  1. Any organizer who is denied a special event permit or who has had a special event permit revoked or was assessed fees or costs pursuant to this chapter (an "appellant") may, within five (5) business days of the service of notice of such determination, file a written appeal from such determination with the Sponsorship and Event Development Manager.

2. An appellant may appeal the permit fee or other applicant requirement or cost established by or assessed under this chapter if the applicant demonstrates that the event proposed is exclusively or primarily for speech or other expressive activity protected by the First Amendment to the United States Constitution and that the application of the permit fee or other expense is unreasonably burdensome or cannot be met due to insolvency or indigence.
  3. The Sponsorship and Event Development Manager shall have five (5) business days from the date on which the appeal was received in which to serve upon the appellant a notice that the action appealed from was affirmed, modified or reversed.
  4. The notice to appellant shall be deemed served upon the appellant when it is personally delivered or when it is sent by email or United States mail, with proper postage prepaid, to the name and address set forth on the application for permit.
- B. Form of Appeals. Any appeals filed pursuant to this chapter shall state succinctly the grounds on which it is asserted that the action should be modified or reversed and shall be accompanied by copies of the application for permit, the written notice of the determination of the City and any other papers material to the determination.
- C. Final Decision. The appellant, within five (5) business days after denial or modification of his or her appeal by the Sponsorship and Event Development Manager, may appeal that denial to the City Manager for a final decision based on the documents and circumstances presented within five (5) business days of receiving the appeal. Judicial review of any such final decision may be obtained through the filing of an appropriate action with a court of competent jurisdiction.

## **SECTION 76-11      STREET CLOSURE PLAN**

- A. Certain streets within the City may be temporarily closed to limit or exclude vehicular or pedestrian traffic before, during or after a special event. An organizer requesting one or more street closures for a special event shall submit for approval a street closure plan showing the layout of all barricades, traffic control devices and signs as part of the permit application. The Special Event Review Committee shall consider such request in evaluating the application and may require additional or fewer street closures. Some street closures may require the organizer to obtain the consent of businesses, property owners or other persons in the area. Should street closures be approved, the City shall supervise the placement of all barricades and signs placed on public streets or other public rights of way.
- B. The City's Traffic Engineering Division shall determine the type and number of traffic control devices required to close a public street or other public right of way. Such traffic control devices shall meet the standards of the then-current Texas Manual of Uniform Traffic Control Devices.

- E. Any event equipment or other property that is permitted to be located within the public right of way during the event shall be removed in a timely manner to facilitate the reopening of a closed street as soon as possible. For races and rallies, equipment and

other property shall be removed as soon as the last participant passes that point of route. For other events, the organizer shall start removing equipment and other property no later than the advertised end time of the event. The City shall have final say as to the extent of the services required to properly serve the special event.

- B. Venues that are specifically designed for events and that hold a certificate of occupancy for such activity are required to enter in to a service agreement with the City for police, fire and emergency medical services. Provisions of such agreements shall include:

The number of required trash receptacles for use at the event shall be determined, before the event, by the Environmental Services Manager or his/her designee.
